

PIPE HAULER™

Manufactured by **DUO LIFT® Mfg. Co., Inc.**

Duo Lift offers a complete line of Pipe Trailers for the Irrigator or Irrigation Company. All units are manufactured from high tensile strength steel. Several models are available to accommodate 20', 30' or 40' lengths of Aluminum Irrigation Pipe or PVC Irrigation Pipe. Options include: Lights, Slipper Springs, Electric Brakes, Tongue Jack, Ball Coupler Hitch, Fenders, Tandem Axles, New or Used Tires and Increased Load Capacity. Standard Models are 8'6" Wide on the Front and 8' Wide on the Rear with 87" Wheel Track. The Wheel Track and Trailer Bed Width can be custom built to accommodate different row crop spacing and applications.

Model 830

Models 830, 840, 1030 and 1040 Pipe Haulers

Our most popular models are designed to carry pipe up to 30' or 40' in length. These lightweight, well balanced models with 16", 5-Bolt Ag Wheels will handle up to 4,000 Lbs. of Irrigation Pipe.

Model 830D

Models 830D & 840D Tandem Axle Pipe Haulers

These Trailers are ideal for hauling 30' or 40' irrigation pipe long distances or use as an Irrigation Supply Company Delivery Trailer. The **Model 830D** shown has been equipped to be licensed as a D.O.T. Compliant Trailer with Fenders, Lights, Brakes, Highway Speed Axles, Hubs and Tires, Safety Tow Chains, Tongue Jack and a Ball Coupler.
